

WE INVITE APPLICATIONS

during the academic year 1 October 2023–30 September 2024 for

UP TO SIX FULL-YEAR SENIOR AND JUNIOR FELLOWSHIPS

Established research scholars in all history-linked fields can apply for the Senior Fellowships, if currently employed in a university faculty or independent research institute and engaged in an ongoing research project. The aim of a Senior Fellowship is to enable a scholar to complete an outstanding academic publication.

The Junior Fellowships are intended for post-doctorate researchers in history-related fields and should lead to the completion of a second book.

The Historical College in Munich is an Institute for Advanced Study specialising in history and disciplines connected with it. Through scholarship grants, it offers academics a period of undisturbed time to focus on a book project. The Historical College is situated at Kaulbach Villa, between the Bavarian State Library and the English Garden. The fellows are free from university teaching and administrative tasks and can fully concentrate on their research work and writing. In this they are supported by the College's permanent staff. During their stay they must be resident in Munich.

The selection of fellows is made by the Historical College's board of trustees and in addition we draw on external expertise. Applications must be tendered by 30 April 2022. All applications will be treated confidentially. Equal opportunities are observed. There is no recourse to legal action.

Historisches Kolleg

Please apply by post or by e-mail to
Dr Karl-Ulrich Gelberg, Director,
Historisches Kolleg, Kaulbachstraße 15, 80539 München, Germany
(karl-ulrich.gelberg@historischeskolleg.de).
